Dear Paul,

Subject: Testimonial

I just wanted to send you a note expressing my gratitude for the hard work you have put into our web site.

With your help, our web site www.chem-quest.com is now a useful tool. You have added a touch of professionalism that we were unable to get from other web site developers.

Since you have redesigned our web site we have seen an increase in our sales. We are now able to share information with our customers, that in the past would have created more work for us on a day-to-day basis.

One of many things that really stood out was that you were always available to speak with, so that we are able to make necessary changes as needed. You have become an asset to our company.

Thank you for all your hard work!

Sincerely,

Jeffrey A. Long
